WaterAid's Corbett Challenge, PO Box 2002, Northampton, NN3 6YY

Your support makes our vital work possible. We'd like to keep in touch with you to tell you more. If you don't want to hear more from WaterAid or WaterAid Trading Ltd just let us know.

Corbett Challenge sponsor form

Over one billion people in the world are without safe water and over two and a half billion lack basic sanitation. As a result a child dies every 15 seconds from water-related diseases.

WaterAid works in 17 of the world's poorest countries to help communities set up and maintain their own water and sanitation supplies. So that health benefits are maximised communities also learn about good hygiene. To ensure our projects last long in to the future WaterAid works through local organisations using low cost technologies that are easy to operate and maintain.
